Women and Retirement

Understanding how to prepare for retirement as a woman can help you live the life you want in those later years.

Why Retirement Planning is Different for Women

- Longevity
- Life Priorities
- The Pay Gap

Women often outlive partners, prioritize family, and earn less money.

Tips for a Smooth Road to Retirement

- Increase Your Financial Knowledge
- Utilize Self-employment Opportunities
- Plan for the Long-term
- Learn to Negotiate
- Open Retirement Accounts
- Automate Your Investments
- Shift to an Abundance Mindset
- Keep One Foot in the Workforce
- Make Retirement a Priority

How to Avoid Retirement Planning Regrets

- Start planning before debt is paid off
- Be informed with your partner
- Work with a professional
- Ask plenty of questions
